DETAILED ACTION

Allowable Subject Matter

Claims 20-24 and 27-37 are allowed.

The following is an examiner's statement of reasons for allowance. The prior art of record and to the examiner's knowledge does not teach or render obvious, at least to the skilled artisan, the instant invention regarding a method of encapsulating a die with wire bonds with two encapsulants as recited in independent claim 20, particularly characterized by a first encapsulant which is an electrically insulating material and a second encapsulant which is a thermally conductive material comprising a curable resin, a cross-linker, a catalyst and a metal filler. Claims 21-24 and 27 are dependent upon claim 20. Claims 28-37 were noted as being allowable in the previous office action, mailed on December 14, 2005. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
